

## Certification Training for deister Installation- and Project- Partners MEA Region

deister electronic GmbH and Najim Systems are Enlighted to invite our professional partners for our first technical training in Dubai and Oman.

The training is dedicated to our professional Installation- and Project- Partners and will give them the certification to act as an Authorized Partner in Sales and installation. The Training will be for invited companies free of charge. Companies, who may be interested as well, are obliged to pay the 500 Euro Training.

deister electronic will send for this training their best technical trainer from the German Headquarter to achieve the best professional results for this training.

Participating companies should send technicians, who will be able to plan, specify, install and maintain deister key management and access control products after this training. The training will be held during **two days from 9:00 AM until 6:00 PM**.

Following dates and locations are available:
